THE COVENANT – THE 5 THAT ANCHOR THE DAY

- ☐ WAKE before **4:30 AM** (W1 – see ramp)
- ☐ MEDITATION – Brahma Muhurta, **4:45 AM**
- ☐ WORKOUT
- ☐ JOURNAL
- ☐ SLEEP 6.5H+ – lights out **9:45 PM**

The wake is won at **lights-out**, not at the alarm – that is the one to defend. Miss it and tomorrow is already decided.

DAY MODE – PICK ONE AT WAKE. ALL THREE KEEP THE STREAK.

- ☐ **FULL** everything on this sheet
- ☐ **KEYSTONE** the ★ items only – late wake, travel, heavy load
- ☐ **ANCHOR** the Covenant only – ill, wrecked, broken sleep
- A smaller day is not a failed day. KEYSTONE and ANCHOR hold the streak and carry **no penance**. The only failed day is an unlogged one.

IF THE MORNING IS ALREADY LOST – DO NOT RUN THE CHAIN FROM WHERE YOU WOKE

- Drop to **KEYSTONE**. Do not attempt the full chain – it will eat the 9:00 open.
- Sit **3 minutes** in place of the full Brahma Muhurta block. Three minutes counts.
- Rejoin at the next **FIXED** event below. Everything between them is compressible.

FIXED – **6:00 AM** in the water • **9:00 AM** market open • **7:00 PM** laptop close + phone off • **9:45 PM** lights out
Never push rituals into the night to “finish” the day. That buys one checkbox with tomorrow’s morning – it is how nine days get lost.

◇ RETURN RAMP – BACK FROM THE FEVER BREAK (SEP 4–12). THE RAMP COSTS STUDY TIME, NEVER RITUAL TIME.
